Prior site actions: Annexation Ordinance O97-81 Adopted 1/2/98, General Plan land use amendment request GP2004-008 Mixed Use to Public/Quasi-Public

Staff Recommendation: Staff recommends the Planning and Zoning Commission APPROVE the request to change the land use designation for 12.5 acres to High Density Residential.

Suggested Motion: Move to APPROVE the request to change the land use designation for 12.5 acres to High Density Residential located at the northwest corner of 36th Street and Avenue 7½E.

Staff Analysis: This is a General Plan Amendment request by Dahl, Robins and Associates on behalf of Yumas Desert Oasis Development AZ LLC, to change the land use designation from to High Density Residential for approximately 12.5 acres for property located at the northwest corner of 36th Street and Avenue 7½E.

The proposed High Density Residential land use designation (13 to 18 dwelling units per acre) supports the following types of zoning: High Density Residential District (R-3), Residence-Manufactured Housing District (R-MH), Recreational Vehicle Subdivision District (RVS) and Manufactured Housing Park District (MHP).

The applicant's intent in changing the land use designation is to develop at a future date a 46-unit multi-family residential development under the High Density Residential (R-3) zoning district.

Density

The requested High Density Residential land use designation applies to an area that is 12.5 acres but the site is constrained by the existence of the "A" Canal, a WAPA power line and an easement for a future APS power line. This leaves only 4.5 developable acres. The High Density Residential land use designation would allow from 58 to 81 dwelling units to be constructed in a multi-family development on 4.5 acres. The applicant intends to pursue a rezone to the High Density Residential (R-3) zoning district if the General Plan amendment is successful and develop a 46-unit multi-family development.

Population

Information from the 2016-2020 American Community Survey provides data on population by housing unit type. The information shows an average household size of 1.8 persons per multi-family dwelling in the City of Yuma. Comparing the densities allowed within the General Plan, the potential persons expected are:

- High Density Residential:

Minimum 58 homes – Expected population: 104

Maximum 81 homes – Expected population: 146

The 2010 Census identified that 20% of the population within the City of Yuma was between 5 and 17 years of age. Therefore the expected school-age population is estimated at:

- High Density Residential:

Minimum expected population: 104 – School Age: 21

Maximum expected population: 146 – School Age: 29

Transportation

The property is located along 36th Street west of the Avenue 7½E alignment. Access to the property will be from 36th Street. The nearest major roadway is Avenue 8E.

According to the City of Yuma Transportation Master Plan, Avenue 8E operates at a Level of Service (LOS) of C or above, meaning that there are stable conditions with movements somewhat restricted due to higher volumes but not objectionable to motorists. The Yuma Metropolitan Planning Organization identifies average annual daily traffic counts for 2021 as 4,102 vehicles on Avenue 8E south of 32nd Street. Avenue 8E is identified as a 4-lane Collector roadway.

Housing

The Housing Element of the City of Yuma 2012 General Plan addresses the need to provide safe, decent, sanitary, and affordable housing for all residents. And specifically Objective 1.3 notes providing a variety of housing types:

Objective 1.3: Encourage a variety of housing types to meet all socioeconomic segments of the population, considering both full time and seasonal residents.

An Action Item of the Housing Element is to consider rezoning land for higher density residential development to promote additional rental and lower cost ownership options.

The General Plan amendment request is to provide a housing choice other than Low Density Residential single family homes, which is the predominant housing option in the City of Yuma.

Public Services

Education

It is a requirement of State Statute for a General Plan to identify public schools and other public buildings. The City of Yuma General Plan Public Services Element identifies the location of public/charter schools within the 3 school districts in the General Plan area. The request is located within the district boundaries of the Yuma Elementary School District One and the Yuma Union High School District.

According to the Yuma Elementary School District One School Boundary Maps, the elementary students in the subject area are within the boundary of Desert Mesa Elementary School located at 2350 S. Avenue 7½E and junior high school students are within the boundary of Gila Vista Junior High School at 2245 Arizona Avenue.

According to the Yuma Union High School District, the high school students are within the boundary of Gila Ridge High School located at 7150 E. 24th Street.

1. Does the proposed amendment impact any elements of the General Plan?

No The elements of the General Plan will not be impacted by the proposed amendment.

Transportation Element:

FACILITY PLANS

Transportation Master Plan	Planned	Existing
36 th Street – Local Road	29FT HW	0FT HW
Median Disclosure	Yes	

2. Does the proposed amendment impact any of the facility plans?

No The change in land use will not significantly impact any of the facility plans.

3. Is the proposed amendment in conflict with Council's prior actions?

Yes The previous amendment for this site, GP2004-008 Ocotillo – approved by City Council on 12/13/2004, designated this area as Public/Quasi-Public along with other various

sites in the overall Ocotillo development plan. The intended use of the Public/Quasi-Public sites was for future schools and parks to support the residential development planned in the area.

<p>Comment:</p> <p>Good afternoon City Staff,</p> <p>My name is Juan Mata and I am one of the affected residents by the proposed plan changes, aside from the dates of the letter being dated August 23, 2022, and only given 10 days to respond it seems that it was only sent out on September 23, 2022, to my residing address so I assume this was an error. If not then it would be in the best interest of all affected that you provide a contact sooner to meet your deadlines. The other point of interest is if our current infrastructure can support such changes, as Arizona is currently in a drought and it is harder to source water for a growing community will the interest of Dahl, Robins & Associates put the rest of the residents at risk? The recent monsoon season will also place a strain on our electrical grid and this is huge as in the immediate area we have several Elderly Care Centers, it sounds like the local residents will have to pay to support the needs of this new change and I am against such plans. For any questions or concerns you can contact myself at the following number (310) 480-2309 from 10 am to 5 pm.</p> <p>--</p> <p>Juan M. Mata Aircraft Mechanic</p>

<p>In response to the City of Yuma's request for comments to the General Plan Amendment GP-40380-2022, Western Area Power Administration (WAPA) has no objections and there is no impact to WAPA facilities, by this amendment. Provided however WAPA does have facilities, identified as the Gila-Sonora 69-kV Transmission Line and in the event any future construction activities should occur the landowner is requested to contact WAPA to discuss restricted construction activities within WAPA's right of way.</p>
